**Contact person: Brenda C. Trahan Phone: (337) 394-2258**

## Event Narrative

These tours will be provided by James Akers, a self-taught expert on the history of St. Martinville, his hometown. His passion for history, especially that of his hometown, has driven him to be the curator and founder of the Petit Paris Museum and curator for the Acadian House Museum. He now works as a tour guide for the Acadian Memorial in St. Martinville.

There will be two types of tours, city and cemetery, and they will involve discussion about not only Acadian influence in the area, but that of African American as well (African American trail by CRT, tour will touch on parts of this trail). All tours must be scheduled with James Akers.
